

# James Barron Art

## ADDITION

Opening reception: Saturday, September 8, 4 to 6 pm

James Barron Art is pleased to announce a new exhibition entitled *Addition*. Our exhibition examines the concept of addition in both the installation process and in the artworks themselves. We began by installing Sol LeWitt's *Triangle*, 1980. Each day, a related work will be added to the exhibition. The primary concern of the works in the exhibition is either geometry or the geometric fracturing of space.

The show features artists such as Peter Halley, Sol LeWitt, James Siena, Richard Tinkler, Beverly Pepper, Laura de Santillana, Margharia Marchioni, Tristano di Robilant, Andrew Forge, and Leopold Strobl.

Each addition will be posted on our Instagram feed. Follow @jamesdbarron and @jamesbarronart for daily developments.
